## About

# Circle Of Concern Food Pantry

*Feeding Families is Just the Beginning*

In the mid-1960's rural poverty was common in western St. Louis County. Individuals from a handful of local congregations began meeting to coordinate help for these families. They arranged their chairs in a circle so that all members were equal during the discussion. In March 1967 the group organized as Circle Of Concern.

Each month Circle feeds more than 2,000 people living in western St. Louis County

Families come to Circle Of Concern once a month and receive a 7-10 day supply of fresh food. A food order consists of fresh produce, milk, eggs, frozen meats, canned goods and personal care items. The food Circle Of Concern shares is food collected for us or bought with the money donated to Circle Of Concern.

Our goal is that each food order helps the family save money at the grocery store so they can put their income toward their utilities and housing.

Orange is the color of hunger awareness, So we invite you to "Go Orange!" Support the fight against hunger in our area by being a part of this great event!

## THE SCOTTISH GOLF EXPERIENCE

Aberdeen is an authentic Links-Style golf course featuring a wide variety of shot requirements - from demands on length to the need for precision. It also favors shaped shots to landing areas and into greens.

The zoysia grass fairways and greens surrounds are trimmed closely to allow varied shots especially running shots, and the bentgrass greens are maintained in a firm condition in an attempt to replicate playing conditions found on the true links courses.

The golf course allows so many different types of shots, the course sets up as a true shotmakers paradise.
